Our 1987-88 VoPro Yearbook is dedicated to Mr. John McCormick, our recently retired Assistant Superintendent. Before coming to the Eastern Monroe B.O.C.E.S. in 1966, Mr. McCormick was a principal in the Rush-Henrietta School District. His tenure at the Eastern Monroe B.O.C.E.S. began when he was appointed the first Director of Vocational Education, a post he held until he was appointed Assistant Superintendent in 1970.

Always an advocate of Vocational Education, he has acted on the belief that our Vocational Center is necessary and should provide services which can meet the needs of the entire community. This has led to our entering into cooperative agreements with area colleges and in making more of our programs available to adults.

We will certainly miss Mr. McCormick and will never lose sight of his efforts towards making our Vocational Center one in which everyone has the opportunity to be successful.

JOSEPH C. FARINOLA
District Superintendent

I am pleased to be associated with the Monroe # 1 Vocational and Technical Center and the many services that it offers you. Our goal is to challenge and prepare you for a career.

Upon completing your course of study with us, you will have taken at least three steps up your career ladder.

Each society, since the beginning of time, has had its artisans. Often the only visible evidence of a society are the objects built by artisans and technicians. Many of you will be America's builders and artisans of the future.

I would like to take this opportunity to extend best wishes and support for each of you.

Joseph C. Farinola

The Vocational Center and the many friendships you have made among the other VoPro students will, hopefully, be a very positive part of your memories of high school.

We are confident that you, like the many students who have gone before you, will take the skills and attitudes you developed as a VoPro and write your own personal success story.

The best of luck to each and every one of you.

Kathy Lynch Naidich

TO HONOR AND RESPECT MY VOCATION IN SUCH A WAY AS TO BRING REPUTE TO MYSELF.

AND FURTHER, TO SPARE NO EFFORT IN UPHOLDING THE IDEALS OF THE VOCATIONAL INDUSTRIAL CLUBS OF AMERICA

VICA

In classes, you develop skills to become a more competent worker. In VICA, you develop leadership abilities and the attributes of good citizenship and character.

VICA sponsors many student activities, including an annual skills contest. VICA students participate in Vocational Technical extracurricular activities which include dances, picnics, area and state conventions.
